**IDENTIFIERS** \*New Jersey

## ABSTRACT

This booklet lists the programs offered at New Jersey colleges and universities which have state approved teacher education programs. Information given for each institution includes subject areas of the programs, their degree status, and the date of latest evaluation. The on-site evaluations are based on the National Association of State Directors of Teacher Education and Certification Standards. Also included is information on the accreditation status of each institution, and whether non-degree certification programs are offered. (JD)

## FOREWORD

The purpose for publishing this booklet is to identify New Jersey colleges and universities which offer State approved teacher education programs. A listing of approved programs offered at each institution is included. To provide a more thorough understanding of institutional offerings, each listing indicates the degree status of all programs. Questions related to individual offerings may be directed to the contact person identified on each institutional listing.

Non-degree certification programs offered in New Jersey colleges and universities are intended for students who have previously completed baccalaureate or master's degree programs, and wish to complete only the necessary coursework and/or experiences leading to certification in the subject areas the students request.

Standards for State Approval of Teacher Education, published by the National Association of State Directors of Teacher Education and Certification (NASDTEC), is used by the State Department of Education in the on-site evaluations which serve as the basis for approval of New Jersey teacher education programs. Students who complete State approved programs and are recommended by the respective institutions are issued appropriate certificates by the State Board of Examiners through the Bureau of Teacher Education and Academic Credentials.

State Approved Teacher Education Programs in New Jersey Colleges and Universities is to be used in the administration of the Interstate Agreement on Qualification of Educational Personnel in all states which have signed this contract. It is also for use in all of the states which are part of the more informal NASDTEC agreement. Copies of the booklet are also being provided to all participating colleges and universities in New Jersey.

Please contact me if there are issues needing clarification in the implementation of these agreements.

Dr. Fred A. Price, Director  
Bureau of Teacher Education and  
Academic Credentials
